Terry -

Apologies for my delayed reply. Just back today from holiday break. I'm happy to talk with you though we have no funding that we can direct to the BDCP. Our funding, for the most part, is directed at the lead State agencies to implement Clean Water Act and Safe Drinking Water Act programs.

I'm free January 5 between 2:30 and 3:30 and all day January 6. - Karen

Subject: BDCP Funding Source - Interview Request

Ms. Schwinn,

The California Department of Water Resources (DWR) is compiling information on potential funding sources for the Bay Delta Conservation Plan (BDCP). ICF International, as DWR's contractor, is helping to collect and compile this information. DWR's Laura King Moon is the work assignment manager for this portion of the BDCP, and she may be reached at (510) 910-4650. The ICF Program Manager is David Zippin (415) 677-7179.

We would like to speak with you because the U.S. Environmental Protection Agency has been listed as a funding source for the BDCP. Attached is a copy of the questionnaire to help you prepare for the interview. We would like to perform this interview as soon as possible. Please let us know a date/time in the next week (the interview will take approximately 30 minutes) that will work for you.

For further information on the Bay Delta Conservation Plan, please visit:
<http://baydeltaconservationplan.com/Home.aspx>. Please email any questions to Terry Unger at tunger@icfi.com.
Sincerely,
Terry Unger
